“A Multidisciplinary Approach in
Strengthening the Chain of Survival”

19th to 21st August 2016
Shangri-La Hotel, Kuala Lumpur
Malaysia

www.50anniversaryamm2016.org
The Academy of Medicine of Malaysia (AMM), will celebrate its Golden Jubilee Year in 2016 by organising a series of events throughout the year. The year-long celebration is to mark its 50 years of glorious existence and provide an opportunity for the Colleges of the Academy to consolidate their amalgamation as a single unified body that represents the profession. Today, the Academy is in a privileged position to articulate the vision and mission of the profession as it embraces all specialties in medicine. Since its establishment in 1966, it has played a pivotal role in ensuring the maintenance of a high standard of professional and ethical practice in the profession.

To commemorate this momentous occasion, a formal inauguration ceremony by DYMM Paduka Seri Sultan Perak Darul Ridzuan, Sultan Nazrin Muizuddin Shah ibni Almarhum Sultan Azlan Muhibbuddin Shah, will be held on 19th August 2016.

Three major events have been planned from the 18th to 21st August 2016 and they include:

- **50th MALAYSIA-SINGAPORE CONGRESS OF MEDICINE**
- **3rd AMM-AMS-HKAM TRIPATITE CONGRESS**
- **1st EMERGENCY MEDICINE ANNUAL SCIENTIFIC (EMAS) MEETING**

In line with the theme of the Congress, “A Multidisciplinary Approach in Strengthening the Chain of Survival”, the Scientific Committee chaired by Dr Mahathar Abdul Wahab, has drawn up a thought-provoking programme, and will bring together, experienced individuals in their chosen fields who will provide insights into current updates and the latest advances which will be relevant to our “day-to-day” clinical challenges.

The AMM Golden Jubilee Gala Dinner, a celebration of the Colleges and the AMM, and honouring past AMM Masters and Past Presidents of the Colleges, will be held at the Grand Ballroom, Shangri-La Hotel, Kuala Lumpur, on 20th August 2016.

Please mark this date in your calendar, and join us to celebrate one of the most exciting and momentous events in the history of the AMM.

**PRE-CONGRESS WORKSHOP III**

**18TH AUGUST 2016, THURSDAY**

**SimPLE Teach (Simulation Practice for Learning and Teaching) – Basic Course**

**COURSE COORDINATORS:** Ismail Saiboon, Johar Jaafar  
**FACILITATORS:** Ismail Saiboon, Mohd Johar Jaafar, Ahmad Jailani Alias, Noor Jahan  
**VENUE:** Hospital Universiti Kebangsaan Malaysia (HUKM), Kuala Lumpur

**SYNOPSIS:**
This introductory course is aimed at introducing the participants about the basic elements of simulation in healthcare education. The methods of delivery for this one-day (8 hours) course (plus 3 breaks) is through didactic lectures, small group discussion and hands-on practice.

The learning objective of this course is, at the end of this course, the participant should be able to:

i. Understand the difference between adult learning and children learning ways  
ii. Understand what is simulation in healthcare and what are the different type of simulation  
iii. Appreciate the role of simulation in healthcare education  
iv. Design and develop simple scenario  
v. Performed debriefing to a scenario play

**CONTENT:**

i. Introduce simulation  
ii. Adult learning theory  
iii. Hey! This patient is not breathing (sim + debrief)  
iv. Design and development of a scenario  
v. Introduction to Mr Sim (getting to know the manikin)  
vi. Testing out my scenario + debriefing  
vii. Q & A

The Academy of Medicine of Malaysia initiated the Young Investigator Award to encourage young investigators to participate in the proceedings of the Malaysia-Singapore Congress of Medicine. This is in recognition of outstanding original work and consists of an honorarium of RM 2,000 and a certificate of merit.

RULES

1. The Award is given to the person who presents the best free paper at the Malaysia-Singapore Congress of Medicine.
2. The competition is open to all doctors below the age 35 as of 1st January 2016 and working in Malaysia, Singapore and Hong Kong.
3. Only original work not previously published or presented will be considered.
4. The work must have been carried out in Malaysia / Singapore.
5. A panel of judges will be appointed by the Council of the Academy whose decision shall be final.
6. The panel shall select and shortlist five entries from all the free papers submitted to the Congress and will attend the oral presentation of these shortlisted papers before coming to a final decision which will then be forwarded to Council for approval.
7. In the event that no entry of sufficient merit is received, the panel of judges may recommend to the Council that no award be made.
8. The Council of the Academy reserves the right to request the winner of the award to make a special presentation, should the need arise and to reprint the winning entry in any publication the Council so desires.
